

Is everyone still feeling exhausted? Not sure about the rest of you friends, but still feeling some aches and pains here, BUT LET US BE HONEST, those cries from our muscles and joints, NEVER STOP US! WE LOVE PICKLEBALL!

The Pickleball Club, here at Regency, has become more than the game we love. Whether on the court competing, or in the ballroom eating, our club has become a community of friends who enjoy being together.

And together we were, ALL WEEKEND. The Pickleball Gods granted our weather wish. Yes, we dealt with slight drizzle, yes, we perspired from the heat, and yes, the wind was upon us, but the expected downpours never came. THE GAMES WENT ON!

Beginning Friday night, TOURNAMENT WEEKEND started with a BBQ, where 167 friends mingled and munched. Saturday and Sunday were **full pickleball play days**. Club members gathered to watch Men's Doubles Women's Doubles and Mixed Doubles Play. Winners walked away with shiny medals, but we all walked away happy from a winning weekend.

So now..."Two, four, six, eight-who do **WE APPRECIATE...**"

So many club members offered their time to help.

To the men who shopped for the food and cooked the food.

To the Social Committee- who set up, served up, and cleaned up.

To the man who brings music to every event.

To the Competition Committee- who worked on the planning and execution of the Tournament Levelled Play.

To the Grounds Crew-including registration, score keeping, and court maintenance.

And last, but never least-to Gary Ramella. How is it possible one person, can do so much? (And special thanks to Janet Ramella, who truly learned how to share in kindergarten!)

Well, the weekend is now behind us, but not to worry!
The Regency Pickleball League begins this week, and lots more events to come!

Keep checking our website: regencyatmonroepickleballclub.org, and...

Come Pickle with US,
Lisa Citron
